Play it Again - Small Group Instrumental Lessons

Small group lessons are a fantastic way to explore and enjoy an instrument that children really want to get to grips with. Most pupils start their tuition in September, and will receive 34 lessons across the academic year, paid for in eleven instalments of **£13.95 per month**.

For pupils wanting to start later on in the year, the number of lessons and also the number of instalments are reduced accordingly. Lessons are normally shared in pairs or threes. Your child will always get the same amount of individual attention as the lesson length varies in proportion to the group size.

We offer the hire of most instruments to pupils for use whilst learning, subject to availability.

The introductory rate is **£2.50 per month**, rising to **£5** (standard rate) after the first twelve months. Just let us know you would like to hire an instrument when you sign up.
